Our vision is a school where individualized instruction, small classes, and a flexible, open classroom environment encourage a genuine motivation to learn. This offers the opportunity for the academic success of all students and also contributes to the essential character traits of self-esteem, self-confidence, and self-sufficiency. Our vision is also a school that explores, enjoys, and preserves its community's cultural heritage through the environment and the arts. We envision our school as the rural community hub that brings families closer together through education by creating and inspiring good citizens and future leaders who give back freely to their community through service and involvement.
